What makes Interamnia World Cup a unique event is its strong social connotation, therefore making it a “small Olympics of handball”, as it was renamed a few years back. Sport events are without any doubt pivotal in the world to create connections in favour of peace and fraternity among peoples. One of the most important merits of the tournament is that it has always welcomed everyone without prejudice towards race, sex, religion, and political belief. Interamnia World Cup continues its effort to bring down any political barriers, offering the opportunity to nations in conflict to take part in the tournament. Indeed, even during periods of great tension, teams from Lebanon and Israel, Iran and Iraq, England and Argentina, Bosnia and Serbia, China and Taiwan competed against one another in Teramo, therefore launching an important message of peace and union among peoples in the name of sport. These high and solid values always live on, especially thanks to events that carry a great symbolic meaning, such as the “Squadra della Pace” (United World Team), formed in 2004, which made possible the meeting of athletes from countries in conflict among themselves and the UNICEF award, which named Teramo in 1989 “a city open to the world”.

Recently, on the 40th anniversary of the tournament, the Organization invited the peoples of the world to sign the “Teramo Charter”, in which they committed themselves into performing acts to spread peace around the world, taking in consideration the needs and the requests of all the children who took part in the contest titled “Tomorrow’s leader”. This path, charaterized by the slogan “Towards a new world”, had begun in 2009 after the earthquake in L’Aquila, capital city of Abruzzo. Here a message was launched by the youth of the Interamnia World Cup to the governors who gathered in L’Aquila during the G8 meeting that year.

United World Team

On the occasion of its 32nd edition, Interamnia World Cup created a particuarly prestigious event. This gave the opportunity to 24 players from 5 different continents to be part for 7 days of one unique ideal team, called “The United world Team”, also known as “La Squadra Della Pace”. This team saw players from countries at was, living in a tense political and diplomatic environment. The players came from China and Taiwan, South and North Korea, India and Pakistan, Iraq and Kuwait, Iran, Israel, Palestine and Lebanon, United States of America and Vietnam e Afghanistan, Morocco and Algeria; Bosnia, Croatia, Kosovo and Serbia, Turkey and Cyprus with the cohesive participation of Italy as the host country and one player from Australia to give a universal meaning to the whole experience. This unprecedented event highlighted the importance of overcoming all conflicts as well as their physical and non-physical borders dividing peoples and cultures.
TERAMO CHARTER

To celebrate in a meaningful and solemn way its 40th anniversary, Interamnia World Cup drafted a document, called La Carta di Teramo (Teramo Charter)*, underlining its core value of living peacefully in the name of sport. The charter was then sent to all the official representatives of the world (Mayors, diplomats, representatives of religious bodies, managers of the different sports federations). The charter has been signed already the mayors of Teramo and Rome as well as, among others, by the Grand Master of Tibetan Buddhism, by UNICEF, by mayors and diplomats of several countries, by presidents of handball federations. The objective of the document is to continue to spread the Interamnia message of peace and to invite those who signed the charter to commit to actions promoting peace and sportsmanship.

The Organization asks all the managers, the official representatives and chaperons who accompany the participating teams to the Interamnia World cup to become spokespeople in their own cities and to be delegated by their managers or official representatives to sign the Teramo Charter* on the occasion of the 42nd edition of the tournament.

* (The full text of the Teramo Charter, along with the list of those who already signed, will be sent to those who are interested)

The tournament offers every year a wide range of shows and cultural events, starting with the Inaugural Parade with its expressions of youthful joy, continuing with the HandMade ethnic market and ending with the traditional Miss and Mister Interamnia World Cup beauty pageant. The 43rd edition will launch a new event, called “Interamnia’s got talent”. Throughout the years, Interamnia World Cup enriched its contents with dance shows from all 5 continents, street artists of “Streetanimation”, folk and rock music festivals, games and traditions. Nowadays the tournament represents the ideal stage on which everyone can be part of the folklore and traditions of the world. This idea opened the path in 2005 for the big international happening “Teramo, a city open to the world”. This paved the way to new expressions of culture, therefore elevating the city of Teramo as a model of civilization.
TERAMO

Teramo is the ideal place connecting sport agonism and pleasant entertainment, thanks to its privileged geographical position. Teramo is located in the centre of Italy, making it equally distant to the coast, with its sandy beaches, as well as to the highest mountains of the Appenins, the Gran Sasso range positioned within the biggest Naturalistic park of Central Italy, with its suggestive snow capped peaks and a wild and uncontaminated nature.

The territory of the province of Teramo combines the artistic interests with its evidences from the Roman and Medieval past with great entertainment. Especially during the tournament it is possible to take advantage of the many touristic accommodations by the beach, as well as a vibrant night life, the possibility of going to water parks, and many other amenities.

Also important is the gastronomic culture of Teramo. Always attentive to the many visitors’ needs, several restaurants serve the most typical and representative meals of the city’s tradition. Teramo is also the ideal base to easily travel to the most important cities of art, such as Florence, Venice and Rome, thanks to its central location. In fact, Teramo is only 150 km away from Rome.

THE COAST OF TERAMO:
A PEARL OF THE ADRIATIC SEA

The main attraction of the Adriatic coast of the territory of Teramo lies in its 50 km of golden sandy beaches, a clean sea and beach resorts offering all sorts of comfort and entertainment. This is why we take pride in inviting our foreign friends to take advantage of one of the most important resources the territory has to offer.

When not engaged in matches, the athletes can easily reach the beach locations by public transportation and, when they are tired of spending the whole day sunbathing, they can enjoy the vibrant night life the area has to offer, with its discos and restaurants, concerts and shows, and perhaps even a bonfire on the beach and a swim in the sea at midnight.
EXCURSIONS IN THE TERRITORY OF THE PROVINCE OF TERAMO AND TO BEAUTIFUL CITIES IN ITALY

Thanks to Teramo’s strategic position, it is possible to travel in just about 30 minutes to the beach towns and to the water amusement park by public transportation.

The Organization will be planning an excursion to the mountains, in the heart of the Gran Sasso-Monti Della Laga National Park, for the initiative “Pietre e Popoli 2014” (Stones and Peoples 2014).

For those who are interested in visiting cities of art such as Florence, Venice, and Rome after the tournament, it will be possible to do so thanks to the special prices. Do not hesitate to ask for more details at our administrative office or at the Baltour Tour Operator office (www.baltour.it)
INTERAMNIA 2.0

This is how Interamnia World Cup decided to rename the 43nd edition of the tournament. After more than 40 years and all the experiences accumulated the Organization is paving the way to a new direction. To revamp the tournament, in agreement with the ever-changing needs and socioeconomical conditions, the Organization aims to offer new and improved services. The new concept of the tournament revolves around a renewed dynamism and flexibility, along with a greater interaction between the guests and those who operate within the territory. The goal is to guarantee the best reception for everyone in such a way that it will be possible to welcome and host a higher number of participants, thus confirming the idea of “biggest international tournament in the world”.

All in all, this is a tournament in evolution. This is why we borrowed from the net the terminology 2.0. The Organization’s aim is to make available the resources of the territory, in order to host the highest possible number of teams and visitors. This would revamp and change the course of the tournament for the better. In doing so, Interamnia World Cup hopes to lay the foundations for new connections and cultural exchanges, always useful in promoting the growth of handball as a major sport around the world.

The Organizative committee can count on a network of collaborators therefore creating strong international liaisons, which have grown stronger and stronger throughout the years. Managers of federations, clubs, and various organizations became official spokespeople for Interamnia World Cup in 170 nations and in the the countries of the world where handball is played. They represent an important asset throughout the world for the diffusion of the opportunities given by the tournament. While the technical and sporting aspect of Interamnia World Cup remain unchanged, the 2014 edition will offer a wider choice for accommodations thanks to the available lodging, especially along the coastal and touristic areas of the province of Teramo, with a wider range of prices, to better serve the clubs within their means. For those who want to bring their own tents, it will be possible to utilize camping carea near the playing fields.

As far as the sporting and agonistic aspect is concerned, Interamnia World Cup added a new category for men and women’s national teams Under 18 and, for those teams who wish to lengthen their stay of one day, a new beachandball tournament will be added. It will be played on the sandy beaches of the Teramo coastal area.

Also, a maxi screen will be set up on the main square where the most significative images of the world championships of handball and beachandball. A more adequate and flexible organization will be in place along with an optimization of the use of the means of transport to and from housing, playing fields, excursions, and recreational activities. All this will be possible thanks to the introduction of the “Interamnia Card”.
INTERAMNIA BEACHANDBALL TROPHY (12th July)
(For those clubs lengthening their stay)

Interamnia World Cup is not only a handball tournament, but also and most importantly a sporting vacation, an opportunity to compete in a great sport, and a way to spend a fun week. For the people from Teramo the idea of “vacation” is directly connected to spending time at the beach. The thought of spending some fun time at the beach must also be fascinating for the young participants. This is why, along with the other activities offered by the Organization, we decided to reinstate the successful Interamnia Beachandball Trophy for all those athletes who elect to lengthen their stay. The tournament will take place on July 12th and any team of any category can participate. Matches will be played throughout the entire day on our sandy beaches in one of the coastal cities of the area. This will represent a chance for anyone to discover a new sport such as beachandball, which can be as spectacular and fun as its older sister sport. The deadline for enrollment is April 30th, 2014. We invite the clubs to tentatively enroll by filling out the relative section on the form.
